ALLERGEN GUIDE

Owing to the nature of our operation, we cannot fully guarantee that any food or drinks will be completely free from any of the allergens stated in this guide. Ingredients can vary and may have changed since your last visit. Please check the relevant section in this allergen guide.

OUR ALLERGEN GUIDE

We prepare our food in kitchens with products containing nuts and gluten as well as other allergens. Allergen details contained in this guide have been obtained from supplier specifications.

We have taken all reasonable steps to ensure that information is accurate, however we cannot guarantee that any product is 100% free from any allergen because of the risk of cross contamination in our kitchen.
